John Inyang

+2347042035690 inyangj6@gmail.com Rosewood Estate off Ahmadu Bello Way Abuja

SOFTWARE PROFILE

A passionate and motivated tech enthusiast with experience in full stack web development and data analysis. Skilled in modern development tools and languages , with a strong foundation in HTML, CSS,Javascript,ReactJs,Tailwind,MongoDB. commited to merging technical expertise with problem-solving skills to create impactful solutions

KEY COMPETENCIES

- Programming Languages & Tools:Javascript,Python,R,HTML,CSS,Tailwind,ReactJs,MongoDB,Firebase,Vite,Git.Postman

- Data Tools: BugsigDB, R Programming.
- Version Control: Github

- Other : Debugging,API testing, Responsive Web Design

PROFESSIONAL EXPERIENCE

CodeFlex   30-Day Coding Challenge   **Nov 2024 - Present**

 Intern

- Intensive bootcamp focused on HTML,CSS, and JavaScript.
- Built responsive web designs adhering to modern UI/UX principles.
- Acquired foundational knowledge of web development concept and coding best practices

Outreachy Open Source   **Oct 2024 - Oct 2024**

 intern

- Contributed to BugsigDB ,gaining experience in data curation and software tools for microbial research.
- Developed scripts and performed data analysis using R Programming, efficiency proficiency in bioinformatics workflows

Alx Africa - Intern   **August 2023- October 2024**

- Built dynamic and responsive web applications using React.js and JavaScript.
- Utilized MongoDB for database management in full-stack projects.
- Leveraged Vite to optimize frontend builds for faster development.
- Integrated RESTful APIs with Postman for efficient debugging and testing.
- Gained proficiency in collaborative development using GitHub for version control.

Freelance Web Developer & Software Engineer - Remote / Freelance   **Oct 2022- Date**

- Developed dynamic websites and web applications using Python, JavaScript, HTML, and CSS.
- Built custom back-end solutions with Flask and Django, and front-end with React and JavaScript.
- Created responsive, user-friendly web applications, including e-commerce sites and portfolio websites.
- Integrated APIs, handled user authentication, and optimized websites for performance.
- Collaborated closely with clients to meet their needs and deliver high-quality solutions.
- Delivered projects on time, ensuring client satisfaction and maintaining long-term relationships.

EDUCATION & CERTIFICATIONS

Bachelor Of Pharmacy

University Of Uyo, AkwaIbom State

PROJECTS

- Netflix Clone App: Developed a Netflix-inspired
- web application using ReactJS and Firebase.
- SassyCart: Developed a full-stack e-commerce
- application using ReactJS, MongoDB, and
- Node.js.
- Bug Signature Analysis Tool: Contributed to
- data validation and analysis using
- Bugsigdb,Developed scripts in R to analyze
- microbial signatures effectively
- Spotify Clone App
